General Information- Higher Ground and GAPS

- 8 Month Residential Program that is transitional in nature each two months
- After graduation tracks to do a 9 month internship style program or enter a work readiness program are available
- Supportive Living option after 3 months employment

- Faith based program and counseling
- Curriculum focused on inner healing and change
- Active engagement in Celebrate Recovery, church and other recovery programming
- Goal to reidentify with true self and heal and rebuild support systems

Alternative programming is available for those with substance use disorders that have maintained some sobriety prior to shelter admission. This program is called the GAPS program and allows for Medication Assisted Treatment as appropriate and desired as well as working with outpatient providers for Intensive Outpatient programming.

Renewing Hope Restoring Health

Renewing Hope Restoring Health

NewDay integrates Christian truth with professional addiction counseling and medical services to help our clients heal from their addiction. We provide both outpatient and residential services. We are licensed by the state of Indiana, accredited by the Joint Commission, and in-network with most major insurance providers.
